Dedication

We, the final graduating class, do hereby dedicate the last edition of THE LION to the memory of Saint Leo College Preparatory School. We wish to express our appreciation to the Benedictine community that has provided the foundation for our education. For it is through their unswerving devotion that we are ready to enter college. We wish to recognize the Alumni who have given Saint Leo Prep the tradition it has today. For it is through their actions that Saint Leo will take a place of honor in history. The memory of Saint Leo will always be dear to our hearts and foremost in our thoughts.

Prefect

BRO. GERARD KIRCHER O.S.B.

There has never been another prefect quite like Brother Gerard. Our Senior Class has been very fortunate to have him two of the four years that we have been here. To our memory he is the only prefect who has commanded so much respect yet remained so well liked by the students. He can always be found laughing and playing around with the "men" or giving us a good steer when we get into any sort of trouble. His congenial personality never interferes with his authority and his most notable characteristic is his fairness in discipline. The seniors will always remember the bang they got when he said the famous words "Come down to my room."

We, the final graduating class of Saint Leo, wish to extend our sincere appreciation and gratitude for all he has done for us, but most of all for making us a little more like true men. We take this opportunity to thank Brother Gerard for his dedication and devotion to us as a prefect, as a friend, and as a man. He has certainly given us an impression of what a man is and we all hope that we can be like him, if only in a small way.

Thank you, Brother Gerard, for all you have done for us.

"Reno" came to us from Fort Lauderdale as a sophomore and since that time has been an extremely popular figure on campus, this also includes a certain prefect. He was involved in the big event of the Junior year and has been in other controversies. He is undoubtedly one of the best guys in the class and to show how much the class appreciates him he was elected the "Most Popular." He has busied himself this year with constant correspondence to Warsaw, Indiana. Steve plans to enter Belmont Abbey College next fall but is still undecided as to his future.

This year Russ has had a pretty rough time trying to convince some of his "friends" that soccer is a great sport, but so far he hasn't changed their opinion. "El Gallo" plans to study Mechanical Engineering at Clemson College in South Carolina. We wish Russ the best of luck in the future and we know that he will be a success.

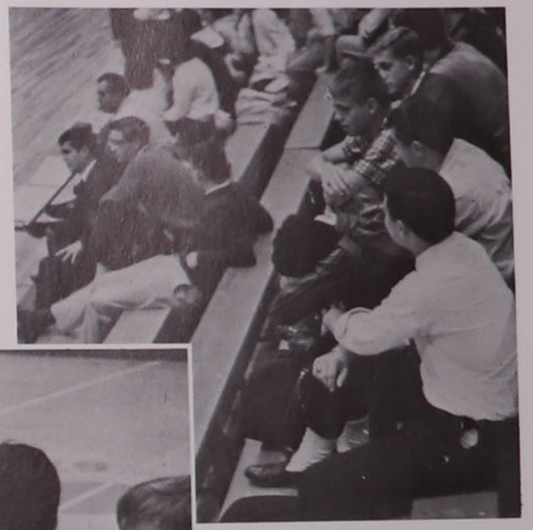
The Lions of '64

The St. Leo basketball team for '64 is synonymous with spirit and determination. At the beginning of the year it was doubtful whether or not we would have a team. But once the decision was made the boys took to the court with great enthusiasm. Despite the fact that there were only two returning lettermen, the Lions were able to make up with spirit what they lacked in experience.

The Lions took to the court in December in impressive form, winning their first two games. After the vacation they hit a streak of bad luck, losing several games by less than four points. In spite of their losing record we will also consider our boys winners for they showed us the true meaning of sportsmanship.



Enthusiastic fans!!
